## LOCATION

We are located at one of the nicest and quietest parts of Diani Beach / Galu Beach. No beach boys & very quiet indeed. We do not have direct neighbors, so the plot is very private and secluded, even though we are within walking distance to resorts & only about 10 minutes by car from downtown Diani, approximately 15 minutes by Tuk Tuk.

## RELAXATION

We can book you massages with a private massage therapist.

Yoga sessions can be arranged as well.

## ACTIVITIES

In terms of activities, we would recommend the Pilli Pipa Dhow tour to the Marine National Park in Shimoni:

<http://www.pillipipa.com>>[www.pillipipa.com](http://www.pillipipa.com).

If you are interested we can also book this for your family. . Pilli Pipa pick guests up in the morning at Marula House and bring them back in the afternoon.

It's really a great day. Also, it is always nice to go to Kongo River for sunset (bring your own drinks), or maybe even a trip to the Shimba Hills (but that would be another whole day). Deep Sea Fishing and Diving options can be provided if you are feeling super adventurous!! Other than that, we would recommend guests hanging out at Marula House and exploring the beautiful Galu Beach

## DINING OUT!

Lunch or dinner are great at Nomad at the Sands (best spot on the beach), dinner at Sails for example or even The Salty Squid for lunch or Happy Hour. Ali Barbour's Cave is a beautiful & unique experience. Reservations are recommended at most of these restaurants.
